

# iC3 2.1 SR1

November 7, 2018

## Release Notes

### New Features

- 81297 - Added support for deploying iC3 to Microsoft Azure using Azure AD authentication.

### Enhancements

- 82236 - Added options and set default values for the iC3 cleanup job that runs as part of the iC3 scheduler. The following settings can be configured and have these defaults:
  - Number of days data the cleanup job leaves behind defaults to 180 (6 months)
  - Batch size for record deletion defaults to 10,000

### Bugs Fixed

- 82908 - Removed the reliance on the Token Authority being case sensitive. This was causing the authentication between the iC3 portal and the Token Authority to fail in some cases.

## Prerequisites

### Defendpoint Clients

The prerequisites for the Defendpoint clients can be found in the Client Release Notes.

### iC3 Windows Adapter

You need to deploy iC3 prior to installing your Windows adapter so you can access the Installation Key and Installation ID which are parameters for the adapter installation.

### iC3 Mac Adapter

You need to deploy iC3 prior to installing your Mac adapter so you can access the Installation Key and Installation ID which are parameters for the adapter installation.

## Compatibility

### Defendpoint Client

#### Windows

- 5.1.149.0 SR1
- 5.1.95.0 GA

Note: Trusted Application Protection (TAP) events are not supported in Defendpoint 5.1.95 GA.

#### Mac

- 5.0.19950.0 SR1

### Defendpoint Management Console

- 5.1.149.0 SR1

Earlier versions of the Defendpoint Management Console are not supported for use with this iC3 release.

### iC3 Adapters

#### Windows Adapter

- 2.1.26339 SR1

#### Mac Adapter

- 2.0.21649.0 GA

### Reporting Database

- Defendpoint Privilege Management Reporting 5.1.99.0 SR1
- Defendpoint Privilege Management Reporting 5.1.21.0 GA

## Supported Operating Systems and Browsers

Note: Please see the relevant Installation Guide for your chosen method of deploying iC3 for the different machines and operating systems that are required.

Deployment Machine

- Windows 10
- Windows Server 2016 Standard or Enterprise

For the Windows iC3 Adapter:

- Microsoft Windows 7 and higher
- Windows 2012 R2
- Windows 2016

For the OS X iC3 Adapter:

- OS X 10.11 El Capitan
- macOS 10.12 Sierra
- macOS 10.13.2 High Sierra

For the iC3 portal:

- Microsoft Internet Explorer
- Google Chrome
- Apple Safari
- Mozilla Firefox
