

Android Customer Client 2.2.9 Release Notes

December 6, 2016

New Features and Enhancements:

- **Support for Android 7.x** – The Android customer client app has been certified to run on Android 7.x.
- **Updated Android Customer Client App** – The Android customer client app features a new interface for a better user experience.
- **Bomgar InSight Enhancements** – New options including flashlight, zoom, and auto-focus enrich the support experience via Bomgar's live video stream tool.

Issues Resolved:

- Resolved an issue with image thumbnails being visible to the representative when the customer selected an image to share.

Requirements:

The Bomgar Android Customer Client works with:

- Android phones and tablets running Android 4.0.3 or greater.
- Existing installations of Bomgar Remote Support version 15.1.1 or greater.
- Support sites with a trusted CA-signed certificate on the appliance.

Notes:

- The Bomgar Android Customer Client is available for download in [Google Play](#).
