

Android Jump Client 2.2.5 Release Notes

November 19, 2019

New Features and Enhancements:

- Android 10 is now supported.
- The software has been rebranded with the new company logo.

Issues Resolved:

- Resolved an issue with starting another session soon after the previous session ended.
- Resolved an issue with an extra prompt for permissions being displayed.

Requirements:

The BeyondTrust Android Jump Client works with:

- Android devices running 4.3 or greater.
- Existing BeyondTrust Remote Support installations, version 17.1.1 or greater.
- BeyondTrust Android Jump Client 2.2.5 utilizes ThinClient Protocol 2.2.
- Support sites with a trusted CA-signed certificate on the appliance.

Notes:

- The Android Customer Client is available for download in [Google Play](#).
