iOS Representative Console 3.1.4 Release Notes

Oct 19, 2023

Requirements

- Requires iPhone or iPad running iOS 16+.
- Requires Remote Support 22.2+.

> ℹ️ *For more information, please see Supported Platforms at https://www.beyondtrust.com/docs/remote-support/documents/features/rs-supported-platforms.pdf.*

New Features and Enhancements:

- File Transfer is now available in the iOS RepConsole.

Issues Resolved:

- Fixed an issue with the mouse-click accuracy being poor on some devices.
- Fixed an issue with locking and unlocking the device while on the Jump Groups page, which was causing the Jump Groups page to be blank.
- Fixed an issue with the Control-Alt-Delete button sometimes being unavailable.

Known Issues:

None.

Notes:

- The iOS Representative Console is available in the App Store.
- Certified for GA.
