¹Custom special actions can be created for iOS and Android apps using the Mobile SDKs.

²Remote System Control and Screen Sharing available on Dell Venue 8 and 10 Android and HTC 4.0+.

³On iOS and all Android devices except Dell Venue 8 and 10 and Samsung, the representative can co-browse the Internet and view selected screenshots. On HTC devices, a web browser can be shared at the OS level. View only screen sharing is available on Android devices on OS 5.0 or later, and full control is available on Dell Venue 8 and 10 and Samsung Android. Also, iOS and Android apps can use the Mobile SDK to enable limited screen sharing.
